> After this morning's conversation, I received some updates. Tomorrow, the Board of Public Works will be approving the 3-year pilot for the Big Bellies. This contract includes maintenance of the receptacle as well as emptying of it. I am told by Jose in our office that Big Belly has shared the sites with you. Before installation, you and CD1 can join sanitation and Big Belly to walk Figueroa between Ave 50 and Ave 60 to finalize the locations.
